I have so many fond memories of John, who took the time to get to know so many of his children's friends. As everyone knows, John liked to stay busy and he was never adverse to helping out his family, neighbours and friends. The last time I was visiting at the house, John, in typical John fashion, asked me if I had brought my summer tires with me, (when he noticed that I still had my winter tires on) - he offered to change them for me while I visited with Karen - this is by no means the first time that John offered to do something like this for me, and I know for so many others! He was one of a kind, wonderful and will be sorely missed. I'm sending my love to all of you xoxox

We couldn't have asked for a better neighbour and friend. We have fond memories going back 30 years of our boys when they were young "helping" with John's many yard projects. John shared so much like the swing set that he built straddling both properties. The fun we had kibitzing and glasses of wine at each other's homes. What a sad and tragic loss.

Our deepest condolences to the Kerk family. John will forever be in our hearts, our minds and whenever we do something around our cottage and when we open up a bottle of wine to share with friends. We shared a few good bottles with John and Peggy. We will always remember his wisdom and how he had a personal hand in doing, fixing, and advising us and probably the entire Deanlea community about home/house stuff. We will miss you John. Having worked with John at 21 Division Criminal Investigation Bureau, I know that he was devoted to his family and his profession. He was a warm and light-hearted friend to all his co-workers, and displayed extraordinary energy and commitment in his investigations. It is difficult to believe he has been retired for so many years when my memories of our work together are so clear. He will be missed.

John will always be remembered as the 'go to person' for many of us at Deanlea Beach. John's general knowledge of building construction and the trades (woodworking, plumbing, electrical, landscaping, etc.) was truly remarkable. There were many times after arriving at our cottage I would look for John and sure enough he was putting those talents to work, building or fixing something for a neighbour. Thank you John for all that you did for us. Your many talents will be surely missed, but it is your companionship that will be missed even more. Isabel and I have many fond memories of the numerous get-togethers we've had over the years. Deepest condolences to Peggy and family. We are so sorry for your loss.

Jeff: Please accept Susan and my most sincere condolences on the sudden and untimely passing of your father. I well recall that my own Dad died at almost the very same age as your Dad and, in both cases, it was far too early and it makes the heart even heavier when that is so.. I think I recall having a very pleasant conversation with him on the night of your nomination and thinking that you were very much a chip off the block. Certainly the photo of him makes that point in a way that is unmistakable. We're very sorry for your loss. Lorne and Susan Kenney
