CHARLES FREDRICK STONE

Uncle Charlie. Although time had slowed him down I remember the fun time, celebrations and conversations we have shared together. He certainly lived a full life and although he may be gone he certainly will be remembered.

July 7, 2021

I worked with Charlie at McDonald mechanical for a number of years and had a lot of laughs. I took his teachings going forward in my career. He was a special person. My condolences to the family.

Charlie was my buddy in the neighbourhood. I helped with some stuff around the house and I would pop in for visits with him and Margaret. He reminded me so much of my late father and I loved talking and laughing with Charlie. You will be missed buddy. Paul Charles
