GLADYS JOAN ADAMS

To all of the family our sincere condolences. Such a loss for you and the community. We have fond memories of when she and Pat coached the hockey team. One in particular when Pat “knew” a short cut to Fenelon Falls to play which of course took way longer. Joan came up to Pat and said “Patrick I insist we take a different way home”! A lovely strong lady.

Charles and Mike please know that we all share in your sadness. Your mother was a phenomenal woman. What good memories you must have. I will always cherish the wonderful memories I have with her. She always said her happy place was her kitchen, loved her butter tarts, date squares and let’s not forget the chicken pot pie, but mostly I’ll miss her sharp wit. She will forever remain in our heart and memories Rest In Peace dear Joan your a special lady Wendy Dixon(Dwinnell)

By way of introduction, Joan and my mother are cousins, but to me, she will always be “Aunt Joan”. They were raised in a tight-knit family (their Mothers being sisters); they attended the same school, spend quality time at each other’s homes, swam in Orr Lake and accompanied each other at many of the community’s dances. Even getting into a little trouble occasionally. Later in life, Mom and Joan’s bond grew stronger as each became members of a club no parent should. Joan was beautiful, elegant, charismatic, intelligent, creative and had a spirited soul with many talents. Strong and proud and never at a loss for words; the best comment at the proper time. She spoke her truth. Joan had a special, intoxicating aura. Few humans possess such a spirit; rooms lit up when she entered; her presence was known. Joan was the type of aunt every girl deserves and desires to have. You looked to her for guidance”she may offer a contrasting perspective, if she didn’t agree with all your thoughts, but you can bet money on the fact that she always had your back. We would chat about various points of view, shared many laughs and even got cheeky together during cocktail hour. Her spirit was youthful. I embraced spending time with her. Staying at her house was like going home. A safe, welcoming palace of serenity. Her proudest and greatest accomplishment was her three sons and their children. She adored and loved each of them with all her being; speaking of them often. I will miss our phone calls, your perceptions of situations, sleepovers and, most of all, your larger-than-life personality. I love you so much. A part of you will be in my core and soul forever. Love Always and Forever, Brenda
