My sincere condolences to you, Jackie's family. Jackie and I first met at Nurse Day's little hospital in Creemore. I was born March 14 and Jackie was born March 19. We didn't have much to say to each other at that time but as we grew we got to know one another. We were both in 4-H Homemakng clubs. I remember her flourishing garden in contrast to mine. We were together in grades 9 and 10 at Creemore ContinuationsSchool. We went out separate ways but met often at places like Collingwood Fair and the Strawberry suppers and BBQs at Dunedin. We would have great visits and I always looked forward to the next one. I see from her obituary that she conributed much to the community. She was a blessing to all of us.

Garry and I moved to Elmvale in 1979 and shortly after our oldest daughter was born we meet Jackie and Stan. As a young new mother, Jackie took me under her wing and welcomed me into the community. She very quickly became both mother and friend. How many times she would call and ask if we wanted to go dancing (Garry is a very good dancer) and she would send one of her kids to come babysit. I never knew which one. She was around for the birth of 4 of our 5 children. She gave them all their first haircuts and was our primary hairdresser. Most Thursdays found me & the kids heading to their store and the market next door. When they opened the new store she gave my daughter and I part-time jobs. In the early years, we spend most Christmases with the Ritchie family. They were our family. Even when we moved in 1993 (2.5 hrs. away) Jackie came to visit regularly and I would stop whenever I was back in Elmvale. Jackie will always be my second mother and dear friend. I can never thank her enough for all she did for our family when we lived in Elmvale. Love Marjorie and Garry Claassen & family. Wingham, On.

Jackie was an amazing spirit! I have three favorite memories of her. I love the story she told of going against Stan to expand the store from the little blue shop that still stands behind the store, she told me that Stan was so mad at her he didn't speak with her for months! She included me to Gullifest I still have the trailer hitch cover on my car! Her hospitality included another party in a gravel pit! So full of life and love was your dear mum and grandma, we are all enriched by her in our lives.
