DR. JOHN WILLIAM SMYTH MACKENZIE

Please accept my condolences on the passing of your lovely father. My parents were Fred and May Bennett on Amelia Street and Dr. MacKenzie looked after our family extremely well over the years and he was good natured and encouraging to me when he was giving me all the inoculations I needed before entering training at St. Mike's. He has not been forgotten by the town of Elmvale and he leaves many good memories behind.

I am so sorry to hear of Dr John's passing. He was a remarkable man and a true pleasure to work with. I was so fortunate to work with him for many years at PGH. He was one of few doctors that valued nursing opinion and judgement. His consideration shown to his patients was valued. He always made time for "Out of Office" conversation and was just a true pleasure to know. May he rest now as his time spent dedicating to his community for years was endless. To his boys and their families share forever hos stories, he was so proud of all of you.

Gord and Ian What a wonderful legacy your Father has left you. Doc was such a kind and gentle soul with a soft smirk that was ready at any point to deliver a joke or funny comeback. I will always remember the ash tray on his desk, the home visits to my grandparent and parents place but most of all his commitment to family, the sick and community. There’s no doctors like “Doc MacKenzie” anymore. God bless you, Doc

My sincere condolences to Dr Mckenzie’s family. Your dad delivered all three of our girls when we moved to Elmvale in 1980. His receptionists Peggy and Joan ran the office as he ran his practice. He was indeed a very special man/Dr who I will always be grateful for having met him and spent countless appointments with. Your eulogy was beautiful and captured Doc to a tee. I’m sorry for your loss
