I am so sorry I am just seeing this now that Jean passed away. She was always so nice & sweet to me when I would come to do her bloodwork. My thoughts are with her family during this difficult time. I will miss seeing her ☐

RIP Aunt Jean. you looked after us as kids, always kind, gentle and sweet. I'll always remember your sharp sense of humor, and fabulous porridge and baked goods. I'm sure your in a great place right now.

Our sincere condolences to the Webb and Ord Family. Although I have always called her (little) Aunt Jean, this beautiful sweet lady was not a relative to me. Having Jane and Judy as dear friends growing up I always felt she was my Aunt too. She never treated me any different than her biological nieces. I visited her last year at her home when it was her 100th birthday. She was still the same sweet gracious lady I remembered. RIP Aunt Jean

Farewell to our family friend. Aunt Jean was our live in caregiver for 2 weeks in the winter when my parents went on vacation. Year after year added up to a strong bond between us and I have always cherished that. One funny event was when she heated up alphagetti for us and added the equal amount of water, just like the soup we liked! No problem Aunt Jean, you made up for it in every other way!
