KAREN DIANE HUGHES

We remember with fondness and family ties our friend Diane. We were side by side in cottages on Wymbolwood Beach for years. Diane was steady and true blue. We are thinking of her family and remembering the neighbourly times together.

Ingrid and I were very sorry when we heard the of Diane's passing. Although expected it was still a shock.We had quietly been neighbours for close to 56 years. Brian, it was a pleasure to meet up with you at the beach last weekend and finally get to know you and your wife,again,after all these years. Hopefully we will get to do that again.In the meantime, you and Laura will be able to spend some time together doing that thing that all families do at this time of life and death. Our thoughts are with you all.

It was sad to hear of the passing of Diane. I only knew her as a customer prior to COVID. She was a lovely lady. Always, always smiling. Bottling wine with her was a treat. She will be missed.
